Yale Doormaster Multi-Point

The Ultimate 'Repair Lock' Range

Yale Doormaster is a revolutionary new lock range that drastically reduces the amount of stock that a door repair professional needs to hold. It also dramatically speeds up the time from receiving a job to completing it and being paid, whilst cutting down on multiple site visits. In short, Doormaster saves you time, effort and money. 3 basic levels cover most 92PZ* multi-point locks installed in the UK down the years, including AGB, Avocet, ERA, Ferco 92PZ, Fuhr, GU Europa, KfV, Laird, Lockmaster, Maco, Mila, Millenco 92PZ, Paddock, Roto, Safeware, Saracen, Securistyle, Winkhaus, Yale and more.

Universal

- Replaces 100% of 35 or 45mm backset/16mm faceplate 92PZ* multi-points
- Provides latch and central hook, 2 adjustable mushroom bolts and 2 adjustable roller cams for security and compression
- Split spindle for lever/pad function
- Supplied with 1-piece universal keep and fixings

High Security – Professional

- Replaces 100% of 35 or 45mm backset/16 or 20mm faceplate 92PZ* multi-point locks with hooks and/or deadbolts
- Lockcases can be easily positioned to match up with those on broken lock
- Tested to Police Secured By Design standard and PAS24 door set capable
- 'Crop & Mate' technology maximises scope of installation by repair professional
- Provides latch and central hook, 2 further hooks and with or without 2 adjustable roller cams
- Variants for PVCu & composite/timber doors (different keeps)
- Split spindle for lever/pad function

Each Doormaster lock is supplied in a box with keeps and fixings. No additional profile related packers are required as the keeps utilise the patented Uni-packer system for fast, easy and reliable installation. All Doormaster locks carry a full Yale 10-Year guarantee.
