greenteQ Alpha Espagnolette Handle

greenteQ

greenteQ Alpha Espagnolette Handle

greenteQ Alpha is a premium quality push to open handle for PVCu, timber or aluminium outward opening windows.

Its 7mm square spindle makes it compatible with all popular spindle drive shootbolts and espagnolettes, including those from greenteQ, whilst a variety of standard spindle lengths ensures quick fitting on most window profiles currently used in the UK.

Alpha is available in up to 10 attractive finishes, all with colour co-ordinated screw cover caps, to ensure that it complements any window colour or style.

Not only does it look good in the factory, but 240 hours (plated finishes) and 500 hours (painted finishes) neutral salt spray corrosion resistance performance figures ensure that Alpha still looks good after many years use.

Alpha is available in a choice of inline or offset designs.

Benefits at a glance:

- greenteQ brand ensures premium quality
- Sleek and stylish handle grip suites well with other greenteQ handles
- Part of the greenteQ Suite
- 90° stop / click location washer
- Supplied as a complete set, including handle, cover caps, key (where required) and fixings
- Colour coded inner packaging for easy identification on the work bench (blue for left, red for right and clear for inline)
- 10 finishes work with any profile colour
- Q-secure PREMIUM PLUS approved product
- Secured by Design approved product
- 20 Year greenteQ surface guarantee
